

# **Sheep Attack Again**

**Monday PM 14/1/2019**

**Another Sheep attack, this time lambs on the land at Solders Field. One lamb badly attacked but survived and another chased out of the field through the top bars of the fence.**

**The lamb that escaped was recaptured 36 hours later in Nepcote lane.**

**Please help to stop these attacks by keeping your dog on a lead near farm animals.**

**When your dog attacks once, it will do it again and could be shot by the sheep owner.**

**If you enjoy the countryside please help identify the dogs involved.**

**Thank you.**
